

Redesigned eKEY Fob Coming Soon!

Dear Supra Customers,

Supra's new eKEY Fob will ship this August. Your membership will be delighted with the next gen product design. Compared with the current fob, the new fob is 60% lighter and half the size! Battery life is also improved in this unit.

The eKEY Fob enables agents to open and program standard iBoxes with their smart phones. The fob receives a Bluetooth message from an agent's smart phone and converts it into an infrared signal that can be received by Supra's iBox. Please click the following link for a current list of [compatible smart phones](#).

Great New Features:

- Smaller, lighter than its predecessor
 - Half the size
 - More than 60% lighter
- Longer battery life
- Uses two user replaceable coin cell batteries (batteries are included)
- Compatible with all Android and BlackBerry eKEY devices

Smaller, lighter, longer lasting

Pricing:

The Organization price is \$49.95 each plus actual shipping cost.

Retail price to agents (when purchased directly from Supra) will be \$54.95 plus \$3.95 shipping and any applicable taxes.

The original fob will retain its current pricing, which is \$44.95 for Organizations and \$49.95 for agents who purchase directly from Supra.

Shipping Details:

We anticipate strong demand for this fob. We will send preorder instructions for Organizations next week. Individual keyholders will be able to order direct from Supra by using SupraWEB in late August.

We estimate that we will begin shipping the eKEY Fob the third week in August. Orders will be shipped in the order they are received.
